Your PR says...

\$100k Pipeline for Upper Animas; R8 ESAT Contract 100,000.00

#EPW-13028, TO4.

The PR language and coding led me to believe you were using Upper Animas funds that have been approved in the pipeline budget (OU1 C001 - technical assistance funds) for the Upper Animas site.

Based on your response, I assume you are funding the \$100K we discussed for Dan's ESAT Field Support. If so, the funding code should be

15-T-8AL0P-303DD2-2505-0800LA00-C042      (FYI the 0800 means it's non-site specific)

Please remove the reference to Upper Animas in the narrative portion on the PR.

If I'm missing something or you have any questions give me a call at X6693

Please make the corrections to the PR and let me know via email so I can sign the request.

Thanks,

The money is not intended to be for Animas, it's general pipeline dollars. Let me know if that's ok.

**Subject:** please amend your PR...

Hi Nicole,

You were close... the Upper Animas site ID is 085M, please change the 0800 to 085M.

\$100k Pipeline for Upper Animas; R8 ESAT Contract 100,000.00

#EPW-13028, TO4.

The 0800 applies when we are funding the ESAT contract non-site specifically.

Thanks,
